

IUJ Showcasing IUJ Business Leaders

--STILL UNDER CONSTRUCTION...

IUJ boasts 3,258 graduates from 112 countries and territories. Of these alumni, 2,200 are working in the business sector. Within the business sector we have identified about 200 alumni, or about 9% who are at the top of their respective companies, be it a large multinational, a major company in their country, or their own start-up companies. Below, we highlight some of those company leaders, with their permissions and support.
